## Experience

---

### News Director

Plattsburgh State Television | Plattsburgh, NY

09/2022 – 12/2022

- Produced twice-weekly live newscasts for SUNY Plattsburgh's student-run television station, PSTV. Selected international, national, and local news stories, created show rundowns, coordinated news talent, created newscast motion graphics, and directed crew members in a live studio environment. Worked on tight deadlines to deliver timely, relevant news content to our audience.
- Assisted the Executive Producer with day-to-day station operations, ensuring successful production and broadcast of a wide variety of student-created programming, including live coverage of Plattsburgh State men's and women's ice hockey games.

### News Anchor

Plattsburgh State Television | Plattsburgh, NY

09/2021 – 05/2022, 02/2023 – 05/2023

- Presented live television news, working as a team with co-anchors and crew members. Developed public speaking and on-camera performance skills.

### Crew Member

Plattsburgh State Television | Plattsburgh, NY

09/2021 – 12/2021

- Performed all technical roles for live and live-to-tape productions, including directing, technical directing, camera operation, floor management, and teleprompter operation.

### Certified Pharmacy Technician

Hannaford Pharmacy | South Glens Falls, NY and Plattsburgh, NY

08/2018 – Present

- Provided quality customer service and performed all prescription filling and patient record-keeping duties in a high-volume retail pharmacy setting.

## Education and Certifications

---

SUNY Plattsburgh | B.S. Digital Media Production, B.S. TV-Video Production  
SUNY Adirondack | A.A.S. Media Arts

Graduated 05/2023  
Graduated 05/2021

PTCB Certified Pharmacy Technician

Issued 08/2018, Renewed 08/2020 and 08/2022

## Volunteer Experience

---

### Live Production Crew

South High Marathon Dance | South Glens Falls, NY

Periodic, 03/2013 – Present

- Volunteer with an annual charity event which raises hundreds of thousands of dollars for local people in need each year. Activities include camera operation, live online video streaming, and A/V setup and tear-down.
